# MTT STRUCTURES INTERNATIONAL

Mtt Structures International is a leading manufacturer of Marquees, Tents and Tensile Structures. Our company is focused on empowering businesses and providing modern structures for outdoor living spaces, events and venues.

Mtt leverages advanced technology to deliver quality structures to a multitude of industries including places of worship, events, hospitality, engineering and more.

Headquartered in Westmead, Kwa-Zulu Natal, SA, our global reach into Africa guarantees strict quality and logistical control. A portfolio of over 20 standard structures and multimillion rand projects is a result of persistence, vision and quality service since 1967.

# SERVICES

## Design Concepts

Using the latest in Computer Aided Design, enhanced with our human expertise, this is where it all begins. We are known for our innovation, so we ensure our personal expertise and knowledge is added to the CAD “blueprints”

## Installations

This is where the rubber meets the road. MTT Structures work closely with approved Installers to achieve a common goal. All those hours of design and manufacture come down to this, the installation.

## Repairs

A full maintenance contract is available on purchase of your structure to ensure all elements of the structure are in good standing and any over-exposure to the elements are identified and repaired or replaced.

## Branding

Brand your event with our full range of digitally printed corporate branding services. Our marketing department will guide and assist in the design and print of your branding.
